WHY USE DIGITAL MESSAGE PASSING FOR EMERGENCY COMMUNICATIONS?

- Needs of served agencies may be demanding
- Accuracy
- Faster than phone message
- Can send large files and lists
- Can drag and drop files

NARROW BAND EMERGENCY MESSAGING SYSTEM

- Consists of 3 basic programs:
- Fldigi modem application
- Flmsg: ICS & HICS forms, ARRL Radiogram, text, .csv (excel)
- Flamp: Amateur Multicast Protocol, checksum
- How does it work?
